

# Can you care for your child in an Emergency?

First Aid Angels are proud to offer their extremely popular first aid safety training course in your area. This course has been developed for parent & child safety.

Training delivered by fully qualified instructors, offering a 2 hour training course to help you feel first aid competent.

We hold small classes in your own home, so that there's plenty of hands-on interactive learning plus the important theory part.

Each candidate takes away a written guide.
